Re: CMMC Level 1 Self-Assessment and Compliance Declaration

CMMC Level: Level 1 Self-Assessment

Assessment Standard: FAR 52.204-21

Assessment Date: February 26, 2026

To Whom It May Concern:

Designcraft, Inc. hereby declares that it has completed a self-assessment of its information systems in accordance with the requirements of FAR 52.204-21, *Basic Safeguarding of Covered Contractor Information Systems*, and aligns its cybersecurity practices with Cybersecurity Maturity Model Certification (CMMC) Level 1 requirements.

Designcraft, Inc. processes, stores, and transmits Federal Contract Information (FCI) in support of U.S. Government contracts. The company has implemented the required safeguarding practices to protect FCI, including access control, authentication, system monitoring, malicious code protection, vulnerability remediation, physical security, and incident reporting.

This self-assessment was completed by company leadership with support from its IT service provider. Policies, procedures, and technical safeguards are documented, implemented, and reviewed at least annually. Compliance evidence is maintained and made available upon request.

This declaration applies to covered contractor information systems owned or operated by Designcraft, Inc. and is accurate as of the date shown in this document.

Regards,

Eric Stern
